

Business AdvantEdge Member Benefit

Running Your Business Got a Whole Lot Easier! (thanks to ADP Payroll and Workers Comp Services)

1. **ADP Payroll Service** was created especially...and exclusively...for small sized businesses. This is a **simple, economical service that can save you time**, protect you from payroll tax penalties and improve your productivity.
2. With **ADP**, you **spend only minutes on your payroll each pay period**. You simply notify **ADP** of the hours worked and any changes in your payroll. They do the rest – calculate, deposit, file and reconcile your payroll taxes.
3. **ADP helps reduce your risk of payroll tax penalties** and inquiries. In the unlikely event that you receive an IRS or State related inquiry, tracer or payroll tax penalty, **ADP** will pay all payroll tax penalties resulting from that error. **ADP** will also respond on your behalf to any payroll tax-related questions that may arise.
4. With **ADP**, you **get the reports you need** to help you run your small business, including: A Payroll register, Payroll tax summary and Year-to-Date Register. **ADP** can also customize special reports to meet your needs.
5. **ADP** is the payroll provider that **can meet your needs** as your small business grows – from Work Comp Pay-by-Pay and 401(k) Plans to Human Resource Solutions.

**New payroll clients receive
their first month free and
a 20% lifetime discount!**
